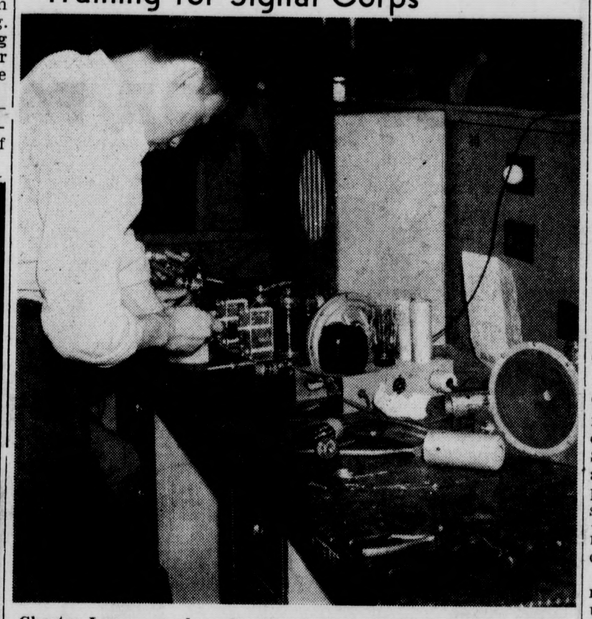
Training for Signal Corps



Chester Lee, a member of a signal corps defense training course at Sequoia Union High School, tests his radio project which he has undertaken as a part of his training.

New Class in Radio Work Will Start Next Week

A new class in radio instruction for signal corps defense work will start on Aug. 31 and will place this particular type of training on a 24-hour daily basis at the Sequoia Union High School, it was announced this week.

The new instruction will be held from 10:30 p.m. to 6:30 a.m. daily except Sunday and will include two hours of mathematics and theory plus six hours of shop work each day.

Classes already in operation run from 7:30 a.m. to 10:30 p.m. under the instruction of Louis D. Folsom and Frank Fratti.

Because of the interest in the radio courses, a shortage of radio sets for use as experimental models has developed, instructors said today. They issued an appeal to the public to donate any old radio sets which are not now in use.

The sets will be used for practical instruction.

Each course runs for approximately 12 weeks. The instruction will continue after regular classes for high school students starts, teachers of the radio division said.

Seven Teachers

Belmont Has Kindergarten For 1st Time

BELMONT—For the first time the Belmont school system will offer kindergarten facilities to its pupils this Fall.

Virginia Caton of Palo Alto will act as the new kindergarten teacher and pupils who are four years and six months old by Sept. 1 will be eligible to attend.

In all there will be six teachers in the main Belmont elementary school including another new person, Albert H. Schneider and one other teacher, at the Howard Foundation for physically handicapped youngsters.

Schools Get Allotments

San Mateo County public schools will receive $1,252,843.26 from state funds for their support during the 1942-43 school year, according to figures released in Sacramento today.

Of the total allocation in this county $641,465.94 will go to elementary schools; $510,467.32 to high schools; $100,810 to district junior colleges.

A total of $79,717,196 was allotted to schools in the 58 counties of the state, according to the Associated Press.

The apportionment — nearly $1,000,000 more than was distributed last year—does not include federal and state funds for vocational education.

Of the total in all counties, $42,184,178 goes to elementary schools; $34,890,867 will be used for high schools; $2,642,150 will go to junior college districts.

Prediction

Vacancy May Be Filled At Aug. 31 Council Meeting

The vacancy on the city council caused by the resignation Saturday of Wm. (Bill) Werder, who will enter active service with the U.S. Navy, will be filled at the next regular council meeting, Aug. 31, Mayor Floyd D. Granger predicted.

In resigning, Werder said he had decided to resign instead of taking a leave of absence so that councilmen would make replacement in time to choose a city manager to take the place of the late C. L. Dimmitt.

If he had taken a leave, a six-man council temporarily would have been left and Werder explained that with seven men seated, council would always have a majority vote with no chance of a 3-3 tie ballot.

Granger said that no councilmen had approached him with suggestions concerning available men for Werder's post and that he had no suggestions himself.

At the time he resigned Werder said his leaving left the council divided 3-3 concerning the police department administration but that he felt Police Chief C. L. (Mickey) Collins was secure in his position.

Collins had been under fire because Patrolman James Flynn had resigned in protest to working hours.

Belmont Council Assures Bayview Heights Annexation

BELMONT — Bayview Heights residents were assured this week at a Belmont city council meeting that their tract would be annexed to the City of Belmont as soon as a resolution passed can be printed and an ordinance passed at the next meeting.

Heights residents voted Aug. 4, 26-5, for the annexation.

In other business the council approved a contract furnishing Laurel Creek Canyon homeowners with fire protection until Feb. 28 when they may petition the Belmont fire district for inclusion on tax rolls.

Council also:

Agreed to publish the city building code in order that the Planning Commission may present copies to prospective home builders.

Decided that the appointment of a new member to the commission slated to be made next meeting would be on non-political grounds.

Heard an opinion of the commission that it should be given powers beyond strictly advisory in the granting of building permits.

MENLO PARK NEWS

By D. E. O'KEEFE

The Southern Pacific Co. is planning to erect a new depot in Menlo Park late in the Fall. The old structure was erected in 1868. In that time, senators, a governor and a President of the United States tarried within its walls.

The marriage of a local couple at Reno this week will be announced in this column at an early day. You will be surprised when their names are mentioned.

★ ★ ★

Only about 50-per cent of the voters came to the polls on Tuesday, showing that very little interest was taken in the campaign. The big vote for Warren for governor was a surprise to his backers in Menlo Park as the Democrats made a big fight for the governor.

★ ★ ★

J. Desmond Sullivan, who conducted the Olson campaign in the Sacramento Valley, is slated for a lucrative position at Sacramento should the governor be re-elected in November. Sullivan is a capable young man and would qualify for most any position.

Obey Rules, Or No Tires

BURLINGAME—Paul I. Fagan, co-ordinator of the San Mateo County War Rationing Board, has sent a letter to all managers of taxicab companies in San Mateo County reminding them of the strict laws governing cabs and stating that they will not be granted tire permits if they do not comply with government rules on taxis.

Pointing out to the managers of the cab companies that taxis are violating the rules if they 1) make hauls for any kind of sightseeing; 2) make trips out of the county—with the exceptions of illness, accidents, etc.; 3) carry parrengers to and from cafes, night clubs or other pleasure establishments.

No trips are to be made with passengers in the county where other transportation is available unless such trips are in the interest of the war effort or public health and welfare, Fagan said.

"In other words," he declared, "to be eligible for retreads or recaps, all vehicles operated as taxicabs will have to refrain from all hauls of non-essential purposes."

No action at the present time is being taken against any violators, Fagan said. They are being warned and authorities said they were sure wholehearted cooperation from the cab companies would be forthcoming as soon as they fully understood the government's regulations.

Commuters Set New Bond Record

The Redwood City Commuters Club established a new record high sale of war bonds and stamps with a total of $20,962.90 during a sale on Broadway Saturday, it was announced today.

The total exceeded by several thousand dollars the previous record for a one-day street sale.

Saturday's sales brought to approximately $35,000 the total of Commuter Club street sales since the war bond sales campaign started. Members participating Saturday were Clarence Brizee, Chester Armstrong, Wrex Cruse and Al Armitage.

Bus Line Asks Co-operation

Commenting on the transportation situation, particularly as it will affect those who plan to travel over the Labor Day holidays, F. W. Ackerman, vice president of Pacific Greyhound Lines, pointed out that a heavy extra burden will be thrown on the already overloaded facilities of public carriers. Because of this, Pacific Greyhound is urging the public to observe certain suggestions that will aid in the handling of essential wartime traffic and at the same time help those who must travel and keep delay and crowding to a minimum.

"Under war conditions," Ackerman said, "the convenience and comfort to which the traveling public has become accustomed must be considered peacetime luxuries. Transportation today is a vital commodity, and the existing supply must be spread among more and more people. Convenience must give way to necessity and comfort becomes secondary. There remains only one consideration — essential transportation."

The bus official continued by emphasizing that military traffic cannot stop for holidays, that war workers must get to their jobs as usual, and that labor has given up the celebration of its traditional holiday in order to carry on with vital war production.

The suggestions offered by Greyhound to those going away over the Labor Day weekend follow:

1. Get full information on trips and schedules in advance.
2. Purchase tickets now to avoid the last-minute rush at depot.
3. Take as little baggage as possible.
4. Take short trips in preference to long ones.
5. If possible to arrange it, leave before Saturday, and return after Monday.

Ackerman concluded by urging: "If the Labor Day trip you are planning is for pleasure only, postpone it—buy war bonds instead."

About 35,000 inventions and suggestions pertaining to national defense have been received by the National Inventors Council, says Department of Commerce.

San Mateo Woman Files Divorce Suit

Ethel H. Gorman, 632 Occidental Ave., San Mateo, has filed suit in superior court at Redwood City for divorce against Edmond B. Gorman, a manufacturer.

Mrs. Gorman charged extreme cruelty; that for many years Gorman had refused to allow her to entertain friends and acquaintances in their home; exhibited a nagging and complaining disposition; extreme and violent temper; and that on many and diverse occasions he exhibited a jealous nature, without excuse or provocation.

Mrs. Gorman asks for a share of community property, which consists of money in the Bank of America in San Francisco, real property in San Mateo, San Benito and Santa Cruz Counties, and an interest in the Electric Smelting Co. of San Francisco; $200 a month alimony and attorney's fees.

New Teachers

Vacations Complete, Pupils Start 2nd Wartime Semester

Andrew Spinas, elementary schools superintendent, said today that although the schedules of classes would remain fundamentally the same this year, he is anticipating an entirely different atmosphere.

"For one thing," he explained, "I expect the youngsters to be more jittery than last year. Youngsters pick up a lot from overheard conversations of their elders and this naturally reflects itself in their actions."

In rushing final plans for school openings Spinas emphasized to parents that no pupil may enter kindergarten unless he is four years and six months old as of Sept. 1.

"Every year we have to turn prospective pupils away because of this ruling and it will save teachers a lot of trouble in the hurly-burly of school opening if parents will not send under-age pupils," he declared.

"Main thing to remember is that even if the pupil is within a month or so of the age limit, he is still not eligible unless he passes the exact age deadline," he concluded.

To enter first grade pupils must be five years and six months old as of Sept. 1 and all entrants must present birth certificates or evidence of birth to prove their ages.

Pupils are to report to the school nearest their home with the exception of kindergarten pupils near Central School. Since Central School does not maintain a kindergarten these pupils attend McKinley School.

Greeting pupils in the elementary schools this year will be five new teachers. These are Mildred Irwin, third grade, Central School; Elizabeth Ann McCrea, sixth grade shifting teacher; Martha Mensoian, third grade, John Gill School; Mrs. Ruth Lepley, seventh grade, McKinley School, and Helen Callan, fifth grade, McKinley School.

Jack Camp, former elementary school teacher, is on a military leave of absence. Positions the new teachers take will be replacements—no new positions will be added.

Of the 3900 Redwood City pupils, more than 2200 will be enrolled at elementary schools.

First day at grammar schools will be devoted entirely to registration, Spinas said.

Besides the schools already named, Lincoln, Garfield and Washington Schools will handle elementary pupils.

Helen Lyons who docked yesterday in New York on the diplomatic exchange liner Gripsholm is expected by Spinas to again take charge of her Redwood City classes.

Meanwhile at Sequoia Union High School, A. C. Argo, superintendent, again urged pupils seeking schedule changes to report Sept. 3 or 4 at the school counseling office. Only in exceptional cases, he explained, will changes be made when school gets under way, Sept. 14.

Seventeen hunndred pupils are expected to attend Sequoia this Fall. They will have an opportunity to prepare themselves for skilled trades necessary for the war effort and will face an intensified physical education program aimed at graduating youths ready to pass all military requirements.

Junior Matrons Plan Party

SAN CARLOS—A "husbands' party" is being planned for October 17 by the Junior Matrons of San Carlos Community Church, who met yesterday at the city hall.

Also dated on the club calendar is a dance, to be given Nov. 14.

Some 55 members turned out for yesterday's luncheon session, which had an Hawaiian theme. The luncheon tables were decorated with grass huts and tiny palm trees, with a lei marking each place.

June Favera danced three hula numbers for the guests, and Mrs. David H. McKee gave a talk on Hawaii, where she formerly made her home. Mrs. E. D. L. Wrentmore sang "Sweet Leilani," "Song of the Islands" and "Aloha."

Hostesses for the day were Mesdames Walter C. Simon, chairman; C. L. Smalley, F. T. Russell, Kay Wardell, Maud Ray and Florence Dieb.

RECKLESS DRIVING CHARGED

William A. Tyrrell, 36, San Francisco, was out of the county jail at Redwood City today on $50 cash bail following his arrest near San Francisco on a charge of reckless driving.

Pescadero Fire Damages Cut Timber

Most of the damage done by the 24-hour fire in the Gazos Creek Canyon near Pescadero Friday and Saturday was to timber which had been cut but had been left on the ground, County Fire Warden Bert L. Werder said today.

About 20 acres of second-growth redwoods and Douglas firs were burned. A match dropped in a pile of sawdust at the Humphrey Estates Inc. shingle mill evidently started the fire, Werder said.

Caracas, Venezuelan capital, has cut its maternal mortality rate in half in three years.

R.C. Air Raid Drill Shows Improvement

Mayor Floyd D. Granger announced himself pleased with results today following a civilian defense air raid drill conducted by workers at both control centers, auxiliary fire and policemen, rescue squads and emergency medical workers.

The first of a group of drills planned to test half of the city's fire stations each week, the drill used new telephone facilities installed between the two control centers and each headquarters routed firemen and medical workers to incidents.

When the main control center in the city hall was declared bombed control was switched to the No. 2 station located in the No. 2 firehouse without a slip.

State Council Launches Housing Move

SACRAMENTO — The State Council of Defense today launched a move to encourage families of men in the armed forces to move from war-industry cities to other less congested communities.

The move followed a report of the council's housing committee that declared that there are "many communities in California where an abundance of low rental homes are available."

Describing the housing problem in war-industry cities as "serious," the council pointed out that the "transfer of these families, not otherwise engaged in war work, would go a long way toward providing homes for war workers.

"The housing situation in war-industry centers of the state is so congested that people are living in basements and attics because they cannot find other suitable quarters," the council reported.

"Wives and families of service men living in these war industry centers are, by that very fact, unwittingly and intentionally contributing to the congestion."

The council called upon chamber of commerce and civic organizations, as well as local defense councils in non-war industry centers, to co-operate in the drive.

Foresters Initiate Nine New Members

The degree team of Court Madrone 158, Foresters of America, Redwood City, held an initiation ceremony for nine new members into Court Sausalito 150 at Sausalito Tuesday night.

On the degree team were John P. Clarkin, Joseph T. Clarkin, Frank H. Goldthwaite, George W. Clarkson Jr., Pasco Balzarini, Albert P. Jordan and Glenn E. Peterson.

At a business meeting last night the Foresters made plans for a dinner for old-timers and past chief rangers to be held Sept. 30 to celebrate the 45th anniversary of the local organization.

If all the 17 billion tin cans emptied in a year were dumped in New York City, the entire metropolis would be covered three feet deep with containers, says the Census Bureau.

Salvage Committees Urge New Efforts in Metal Drive

Frank A. De Patta, chairman of the Redwood City salvage campaign, today issued a new appeal to residents of the community to collect all scrap metal possible and to telephone 201-W for pick-up service on Saturday.

De Patta said a truck will go to the homes of all persons telephoning that they have metal. The Saturday pick-up service is conducted regularly and persons are urged to telephone at any time during the week.

Meanwhile, the county salvage committee issued the following statement:

"It has been brought to the attention of the county salvage committee many times that piles of scrap metal and rubber seen in the yards of junk dealers day after day is lessening the morale of the peoples, due to the fact that they feel the government is doing nothing in the moving out of salvage material.

"In answer to this, we would like to bring this fact to the attention of the public: To date, 1,750,000 tons of scrap metal of all kinds has been turned in to the government by the scrap metal industry. This is within a period of four months.

"People perhaps do not realize that every 60 days an inventory is taken of all the scrap metal in the hands of dealers, and that the metal is constantly being moved out. In San Mateo County alone, hundreds of carloads of metal and rubber have been moved, and the piles that people still see, and question are compiled of additional intake from the scrap metal and the rubber drives, both of which are still going strong and will continue to do so for the duration.

"The salvage county committee feels that the people should realize more and more the importance of the salvage program, due to the fact that the billions of dollars that the government is putting into the war effort through Victory Bond drives and other media cannot build battleships, tanks, or planes without the metal that is being brought into the program through the salvage drive."

Ravenswood, M.P. Set for Openings

Two new teachers have joined the staff of Ravenswood School, and one—Mrs. Hermine Burge—has left to join her husband at Fort Douglas, Utah.

The two new teachers are Mrs. Natalie Van Horn of Redwood City, and Miss Johanna Bjaranson of Palo Alto. Miss Bjaranson is originally from the Middle West.

According to Mrs. E. H. Warne of the board of trustees the cafeteria is expected to be open as usual, and there will be bus transportation for the children.

An assistant custodian, Andy Kienitz of East Palo Alto, has resigned for a defense job, and his place has not yet been filled.

Among the innovations at the Menlo Park Central School next term will be a junior dramatics group, which will probably be under the direction of Francis Jackson, according to the superintendent of Menlo Park schools, O. H. Olson.

The dramatics group was inaugurated this Summer, and put on a very successful show at the recent "salvage carnival" in Menlo Park.

Another new class will be one in Spanish, to be taught by Mr. Olson. It's on the eighth grade level.

An addition has been made to the grounds at Fremont School, making room for a new playground, with basketball and volleyball courts, and a baseball diamond, and many new pieces of equipment.

All equipment and floors in both Fremont and Central Schools have been renovated, Mr. Olson said.

The staff of teaachers is the same as it was last term.

Bomb Demonstration Time Changed

Civilian defense officials in the Redwood City City Hall today announced that an incendiary bomb demonstration originally scheduled for Friday evening on the Stanford University campus had been changed to 4 p.m., Friday, because dim-out regulations make night displays illegal.

PLEASE
DON'T TRAVEL OVER
LABOR DAY!

The war can't stop for holidays, but YOU can postpone a pleasure trip! Over this Labor Day war workers must get to jobs as usual. Military traffic must roll regardless. We all must realize: PLEASURE TRAVEL IS NOW A PEACE-TIME LUXURY. Handling additional thousands of passengers over Labor Day means increased strain on already overloaded transportation . . . handicapping vital traffic upon which victory depends. That's why we say: "DON'T TRAVEL OVER LABOR DAY."

But—if you MUST travel—help avoid crowding and delay

★ Get full information on your trip in advance.
★ Purchase tickets NOW to avoid last minute rush at the depot.
★ Take as little baggage as possible.
★ Take a short trip in preferance to a long one.
★ If you can possibly arrange it, leave before Saturday and return after Monday.

R.C. Women Invade Field Of Taxicab Manipulation

By BUD SPRUNGER

Redwood City-zens will have to rearrange their vocabularies somewhat from now on. They'll be calling for a "cabbyette" rather than a "cabby."

This week for the first time in Redwood City a taxi company in the city has hired women drivers to take places vacated by drivers called to the colors.

So far, Mary Massera, 18, a recent Sequoia High School graduate, and Mrs. Frances Gutierrez, 23, wife of a another driver, have started pushing the brake and clutch pedals.

Working morning and daylight hours only, they're transporting commuters and shoppers mostly.

"Men drivers are handling the evening night trade," said comely, brunette Miss Massera, "and we haven't had any trouble with fares getting fresh."

"Of course," she continued, "I have had a few fares who wanted to sit in the front seat with me but I've discouraged that—and fast."

When it comes to mechanical difficulties or flat tires the women resort to age old methods for repairs—they telephone men in the cab office.

All in all, cab officials claim, the plan works surprisingly well. The girls have a lot of previous driving experience and the old gag about women drivers doesn't seem to be holding water. Cab company officials say the women have scratched nary a fender—but they've still got their fingers crossed.

Palo Alto and Menlo Park companies have had woman drivers for some time as has San Francisco.

SAFEWAY Homemakers' Guide

★ How to fool the fuss-budget ★ A list of foods that save you money early in the week, too ★ A timely story with a moral

How to feed your family its vitamins

The above heading is the subject of lesson No. 2 of the much-talked-of "Kitchen Course in Nutrition"—a 10-lesson course-by-mail designed to help you plan meals that are nutritious as well as delicious. 25c is the full price for the entire course. To start, just send your name and address and 25c to Julia Lee Wright, Box. 660-CC, Oakland, California.

Have you a fuss-budget on food in your house?

Here's how to fool him!

In which the Safeway Homemakers' Bureau presents four sensible tips and two delectable recipes

1. Give the fussy eater more foods rich in B vitamins, because these vitamins promote healthy appetite, good digestion, and general well-being.

2. Disguise foods that are disliked. For example, serve milk in custards, milk shakes, cream soups, and other milk-rich dishes, or instead serve cheese.

3. Combine disliked foods with others that are well-liked. For example, mash turnips with potatoes, season with milk or cream and butter, and the turnips can hardly be tasted.

4. Don't talk too much about nutrition, or tell the fuss-budget how good a certain food is, or urge him to eat, or you'll surely invite rebellion. Just make the food as attractive and good-tasting as you can, and watch what happens.

This recipe for Southern Spoon Bread makes it easy to include milk, eggs, and cereals in his diet and still make him beam with contentment.

SOUTHERN SPOON BREAD

3½ cups milk
⅔ cup corn meal
1 tsp. salt
3 eggs
3 tbsps. melted butter
1½ tsps. baking powder

Heat milk in double boiler. Add corn meal and salt gradually, stirring constantly. Cover and cook 15 to 20 minutes, stirring occasionally. Cool slightly. Beat egg yolks; add with melted butter to corn meal mixture. Beat egg whites until foamy; then add baking powder and beat until stiff. Fold into corn meal mixture. Pour into deep well-greased 2-qt. casserole or baking dish. Bake in moderate oven (350° F.) 45 minutes, or until set. Serve from baking dish with melted butter. Serves 6.

This recipe for Vegetable Custard Ring makes it easy to include more milk, eggs, and vegetables in his diet.

VEGETABLE CUSTARD RING

2 eggs
1½ cups evaporated milk
2½ cups coarsely chopped vegetables
1¼ tsps. salt
⅛ tsp. pepper
1 tbsp. minced onion
1 tbsp. lemon juice
1 tbsp. melted butter

Beat eggs slightly; add milk, vegetables, seasonings, and butter. Line bottom of well-greased 1½-qt. ring mold with waxed paper. Carefully pour in custard mixture. Bake in pan of hot water in moderate oven (350° F.) about 45 minutes, or until silver knife inserted in center comes out clean. Unmold to serve; fill center with creamed fish, meat, or vegetables. Serves 8. (*NOTE:* Vegetables may be grated raw carrots, diced plain or mixed vegetables like peas, asparagus, etc.)

WANT TO KNOW WHAT NANCY LEARNED?

WELL, I DON'T GET IT NANCY. THE KIRKS DON'T WASTE HALF THEIR SATURDAYS IN CROWDED GROCERY STORES. DON'T THEY EAT ON WEEKENDS? ETC., ETC., ETC.
OH, I KNOW SHOPPING ON WEEKDAYS IS MUCH BETTER, BUT I HAVE TO WATCH MY PENNIES. I HAVE TO WATCH FOR SATURDAY SPECIALS.
LOOK DARLING, I HAVE A BUDGET TOO. BUT WHERE I SHOP "SATURDAY" PRICES ARE GOOD EARLY IN THE WEEK.
DO YOU MEAN TO SAY THESE AREN'T SPECIAL LOW PRICES?
THEY'RE SPECIALLY LOW PRICES ALL RIGHT, BUT SAFEWAY PRICES ARE LOW LIKE THIS EARLY IN THE WEEK, TOO.
.... SO NOW I GET MY BIG ORDER AT SAFEWAY DURING THE EARLY PART OF THE WEEK AND I SAVE MONEY AS WELL AS TIME AND TROUBLE.
AND ONE THING MORE, DEAR. IT SHOULD BE VERY SAVING ON MY DISPOSITION!

Why don't you get your "big" order on a weekday too?

Not only will you have more time to play on week-ends, but you'll be able to shop more leisurely if you get your big grocery order on a weekday. Safeway's specially low advertised prices, you know, are now good *early in the week.*
